On November 3, 2011 three STAIRSTEP students, Jose Lopez (CS), Chris Maldonado (ESS), and Nick Lanning (PH), attended the Beaumont ISD College Fair at Ozen High School. This event allowed high school students to visit with college recruiters.

All three STAIRSTEP students agreed that this event had a very good turnout. We had around 35 visitors, and 8 high school students were very interested in the program and filled out requests to be contacted with more information.

“I t was beneficial getting to talk to high school students about the STAIRSTEP program.” – Jose Lopez

“I gained more experience recruiting high school students to join the geology department as well as join the STAIRSTEP program.” – Chris Maldonado
