STAIRSTEP Presentation to Students of Texas Academy of Leadership in the Humanities

On April 2\textsuperscript{nd} members from the various groups of the STAIRSTEP organization gave a presentation to the students in the Texas Academy of Leadership in the Humanities. Several interested individuals from the approximately 57 TAHL students in attendance took information flyers from our stand after the presentation had ended. There was a variety of interests throughout the crowd of students as indicated by their questions and their requests for further information.

Katie Bryant from the Math STAIRSTEP program

Matthew Williamson giving the computer science portion of the presentation.
Josh McBride from geology STAIRSTEP talking with the TAHL students.

Dr. Cristian Bahrim speaking to TAHL students about physics.

William Ware discussing physics STAIRSTEP.
