Study Tropical Biology in Belize with Lamar Biology

Two BIOL 4401/5401 courses: *Tropical Watershed Ecology* & *Tropical Marine Biology*  
8 credits; May 22 to June 25, 2015.

Perform research while in the rain forest and on the barrier reef.

Interact with peoples and cultures of Central America and the Caribbean.

**Travel 16 days in June 2015**

- 8 days exploring watersheds of neotropical biomes of the Maya Mountain pine ridge, rainforests and savanna; paddling the Sibun River Watershed.
- 7 days snorkeling the coral reef, seagrasses, and mangroves of Tobacco Caye.
- Explore a Maya ruin.

Projected all-inclusive travel fee from George Bush International Airport Houston: $3,210*

*Study Abroad Grants* available to full-time Lamar Univ. students.  
$1000 deposit due Feb 27th, 2015.  
*Tuition is not included in the travel fee.
