Engineering in Spain

May 20 - June 3, 2018
ENGR 4301 - Engineering Management
Activities

The program is hosted by Universitat Rovira i Virgili in beautiful Tarragona, a lively city on the Mediterranean coast in the Spanish region of Catalonia. Students will earn three credits for a course in Engineering Management. Activities include excursions to Barcelona, the Poblet Monastery, and an afternoon among Roman ruins to learn about engineering innovations dating back to 25 BC. Industry visits include Dow Chemical, Schwartz-Hautmont (steel construction), and Applus IDIADA (engineering for the automotive industry), and the Port of Tarragona.

Engineering in Spain is open to ALL undergraduate College of Engineering students with a minimum of Junior status by the end of Spring 2018 semester.

Only 15 spots available - apply early!

Program Fee

$3,500 + LU Tuition & Fees
Includes: Roundtrip airfare, accommodations, ground transportation, excursions, educational activities, & international health insurance.
