NEW ZEALAND

December 10 - 22, 2017

GEOL 1403 - Introduction to Physical Geology
GEOL 4301 - Geography of the South Pacific

* Students will take the classes as part of the Fall 2017 semester *

Core Credit
Activities
Students will go on a helicopter ride to gain a bird’s-eye view of a glacier, hike across the volcanic landscape of Tongariro National Park, kayak with fur seals, and enjoy a traditional Maori meal while watching a Maori performance. You’ll also relax in a thermal mud bath, watch a geyser erupt, walk through a glow worm cave, and tour the real Middle-Earth when we visit the Hobbiton Movie Set which was created for The Lord of the Rings and Hobbit movies.

Program Fee
$1,750 (upon approval) + Airfare + Tuition & fees
Includes: Accommodations, breakfasts, excursions, entry fees, and international health insurance.
