Lamar University Grading System

A = Excellent  
B = Good  
C = Satisfactory  
D = Passing  
F = Failure  
I = Incomplete  
Q = Dropped passing  
S = Credit  
U = Unsatisfactory, no credit  
W = Withdrawn from university

GPA Calculation
GPA is calculated on the Lamar University courses only. Previous high school courses are not included in GPA calculation. To compute grade point averages, grade points are assigned to letter grades as follows: to the grade “A,” 4 points; to “B,” 3 points; to “C,” 2 points; to “D,” 1 point, and to “F,” “I,” “S,” “U,” “NG,” “Q,” “W,” 0 points. The number of grade points earned in a course is obtained by multiplying the number of semester credit hours by the number of points assigned to the grade made in the course. The grade point average is calculated by dividing the total number of grade points earned by the total number of semester hours attempted in courses for which the grades “A,” “B,” “C,” “D,” and “F” are assigned. Thus, for grades, “I,” “S,” “U,” “NG,” “Q,” “W,” and “Q,” neither semester hours nor grade points are used in the computation of the grade point average. Hours attempted include all work taken, whether passed, failed or repeated.

Ranking
TALH does not rank its students. Once admitted into our program, TALH students enroll in university courses and attend courses on the university campus only. They have officially entered college early and no longer enroll in high school courses.

The TALH (Lamar) grade point average (GPA) is a measure of the student’s overall academic performance. The TALH (Lamar) GPA determines program eligibility, academic standing, President’s List, Dean’s List, honors, and graduation eligibility.

Program of Study
The Texas Academy of Leadership in the Humanities (TALH) follows a curriculum that ensures that the graduate completes the TALH program with four years of English, four years of math, and four years of science. Students also take three and one half years of social studies, one half year of economics, two or three years of foreign language, one year of physical education, one half year of speech, one year of fine arts, and four and one half years of approved electives. The TALH curriculum is equivalent or higher in content or rigor than the Recommended or Distinguished Achievement Program Texas Education Agency curriculum. TALH students enroll in courses at Lamar University selected first from the core curriculum listed on the back. With permission from the director, students may take additional college courses. By incorporating the previous high school record with the college courses taken at TALH, graduates may be certain of an education that exceeds the recommended graduation requirements of the State of Texas.

The Texas Academy of Leadership in the Humanities (TALH) is an early college entrance residential honors program created in 1993 by the Texas legislature to allow academically qualified high school aged students in the state to earn college credits towards a college degree. Students live on the Lamar University campus and enroll as full-time college students. Students completing TALH curriculum after two years will graduate from the program with a diploma and 60+ college credit hours. The majority of these hours are selected from the Lamar University General Education Core Curriculum. Lamar University’s General Education Core Curriculum satisfies the criteria for compliance with the mandates of the Texas State Senate and the rules, recommendations and statement of the Texas Higher Education Coordinating Board found in Chapter 4 B §4.28-4.31.
