

## Your Future

The Lamar University Bachelor of Arts in History degree allows you to discover trends and patterns as you explore historical development from pre-history to the present. This program will develop your skills in critical thinking, research, writing, argumentation and documentation.

The Department of History uses the exploration of the past to provide students the intellectual tools to become informed, responsible community members. Our department specializes in the fields of American, European, Asian and African History. We are located in the Archer Physics building. Also housed in the same location is the Center for History and Culture of Southeast Texas and the Upper Gulf Coast. The center is used to support the creation, preservation, and transmission of knowledge about history, culture and environment of our region.
