Important Information about Cashier Services

While taking an active part to prevent the spread of COVID-19, the LU Cashier’s office will remain open with limited staff during the hours of 10am—3pm. We recommend students utilize the Lamar University website, www.lamar.edu/pay to make all payments for the upcoming Summer 2020 and Fall 2020 semesters.

Students needing additional time to make summer payments can fill out the short term/emergency deferments form by going to lamar.edu, quick links, and then cashiers. All questions regarding statements/bills or payments should be directed via email to cashiering@lamar.edu. We will be monitoring emails continuously and will answer questions in the order in which they are received.

For your safety and ours, only students who must pay with cash or students using an international debit card should come to the cashier’s window at this time. This will help eliminate lines and observe social distancing.

Please contact us if you have any questions.
