In the Comment section, employee should list the days and number of hours for which s/he is claiming retro pay. Click on Save.

When I Approve Time Sheets, What Am I looking For?

Look at the list of employees who have started entering their time. If someone worked for you during the last pay period and you cannot see their time sheet, it means:

a. The employee has NOT started entering time. Remind employee to enter time or else they will NOT get paid.

b. HR has not received the paperwork to set the employee up in the system. Email a copy of the F3.2 to us as soon as possible.

c. Something is wrong with the way the employee is set up in Banner. Contact HR so we can check it out.
More Things to Look For:

- Total number of hours per pay period will normally = 80.
- Total number of hours per day will normally = 8
What’s wrong with this time sheet?

1. Way too many hours! 94!
2. No regular hours worked, yet the person is claiming OT pay on 2 days that he is claiming Comp Time taken

Total Hours: 04  08  08  08  08  08  08  08

Total Units: 0

How to fix:
1. July 1-3: change to 8 Regular each day
2. July 3: add 2 State earned
3. July 4: add 8 Regular, include comment that the 8 Comp Earned is for working on the holiday.
4. July 6: Change 8 Comp taken to 8 State earned.
   Or could change it to 8 OT.
5. July 7: Change to 10 OT.
6. July 8: Add 4 Comp Taken
7. July 9&10, 13&14: Change to 8 Reg for each

What’s wrong with this time sheet?

1. Total number of hours is correct.
2. July 3 was an early release day. Employee should either have 2 Admin Leave or 2 Comp Time earned.
3. July 4 was a holiday. Employee should either have 8 Holiday or 8 Comp Time earned.
4. This throws the rest of the week out of whack.

Things to Know

- Time sheets must be submitted by 11:59 pm Sunday.
- You can log into SSB from anywhere to enter your time.
- Use “Comp Time Taken (State and Federal)” for ALL comp time used.
- State comp time is earned when the ACTUAL number of hours worked is LESS THAN 40, even though the combination of hours earned during the week may be more than 40 due to vacation or sick. One hour of State Comp Time earned = 1 hour comp time banked.
- Federal comp time is earned when the ACTUAL number of hours worked is MORE THAN 40. One hour of Federal Comp Time earned = 1.5 hours comp time banked.
- The system will calculate the amount of comp time earned. You do not need to calculate the 1.5 time for Federal.
- To enter partial hours, round up or down to the closest quarter hour and record using decimal points. EX: 1.25, 1.50, 1.75
Deadlines: Employee will NOT get paid if missed!

- Employee MUST submit time sheet by 11:59 PM Sunday.
- Supervisor MUST approve time by 2:00 PM Monday.
- Hiring F3.2’s MUST be submitted no later than the first Friday of the pay period. Otherwise, the employee will not be set up in time.
- Once the 2:00 PM deadline has passed, no further changes can be made on the time sheets.
