Your advisor may be contacted for course clarification. Classes will be verified after the census date of the semester specified above to certify continuous enrollment in the listed courses.

If courses are dropped and/or added after this form has been submitted to the Financial Aid Office, a new form must be completed. In addition, if you are enrolled in courses that do not fall within the exemption eligibility, your exemption will be adjusted and/or canceled. The student will then become responsible for ALL remaining charges on his/her student account. There are limitations on how many exemptions per class can be given.

Please note that there are restrictions and certain requirements for this exemption and not all courses may be covered. You are responsible for reviewing program requirements and frequently asked questions at www.collegeforalltexas.com and the Texas Higher Education Coordinating Board website www.thecb.state.tx.us. You may need to enter Exemption for Peace Officers in the search bar.
