

# Management Information Systems - Concentration: Enterprise Systems - 4 Year Degree Plan

2025-2026

Lamar University's **Bachelor of Business Administration** with a concentration in **enterprise systems** is for students interested in dealing with state-of-the-art technologies used by global companies, such as enterprise resource planning, business intelligence and artificial intelligence. Developing and sustaining enterprise systems not only require IT knowledge, but also an understanding of business, e-business, project management and change management.

NOTE: Degree plans may change over a four-year period. This may not be the most current list of course requirements for your program. It is always advised that you check Degree Audit in Banner Self-Serv or your advisor for the most up-to-date degree requirements and to track your progress toward a degree.
