

# General Business Database Systems - 4 Year Degree Plan 2026-2027

Lamar University's **Bachelor of Business Administration in General Business** with a concentration in **Database Systems** combines technological knowledge with business practices. As databases are the building blocks of today's information systems, management reports, business intelligence, financial reports and operational processes, managers of databases play a pivotal role in organizational efficiency. – Contact UAC at [advising@lamar.edu](mailto:advising@lamar.edu), 409-880-8822, [lamar.edu/findadvisor](http://lamar.edu/findadvisor)

NOTE: Degree plans may change over a four-year period. This may not be the most current list of course requirements for your program. It is always advised that you check Degree Audit in Banner Self-Serv or your advisor for the most up-to-date degree requirements and to track your progress toward a degree.
