Life & Physical Science Core: The LU degree requires Chemistry or Physics, so we strongly recommend LIT students take CHEM 1306, CHEM 1311, or CHEM 1312 to satisfy their Life & Physical Science core requirements.

Social & Behavioral Sciences Core: The LU degree requires PSYC 2301, so we strongly recommend LIT students take the course at LIT to satisfy SBS core requirements.

PSYC 2314 - Lifespan Development - The LU degree requires Lifespan Development. We strongly recommend students take the course at LIT and transfer it to LU.

Advanced Electives: Students should consult an LU Speech & Hearing Sciences department advisor about approved advanced electives.
