In 1883, it became the private residence of a wealthy English couple who named it **Mena House** after the first king referenced in the Tablet of Abydos. **Opened as a hotel in 1883**, it played host to the Prince and Princess of Wales, the widow of Napoleon, and Winston Churchill. Similarly historic and luxurious, the lobby of the regal **Omar Khayyam** transports you to 1869 Egypt, when it was built to impress and lodge foreign dignitaries as the official Royal Visitors' Palace. Relax and enjoy dinner on your own this evening in one of your hotel's several fine restaurants.

The Great Pyramid of Cheops is the oldest of the three Great Pyramids and is the only surviving wonder of the **Seven Wonders of the Ancient World**. It was built circa 2560 B.C. and is 481 feet high and covers about 13 acres and was the tallest man-made structure in the world for over 3,800 years! It is difficult not to be completely overwhelmed as you gaze at **pyramids that have survived for 4,500 years** as dynasties have come and gone, as have Egypt's many foreign invaders and conquerors. Lunch is included today at a local restaurant serving authentic Egyptian food. As you wander amongst the 134 columns you'll be astounded at the details of carved hieroglyphs that are visible after thousands of years! November 10, 2020 - Valley of the Kings!

Today, visit the **Valley of the Kings**, the burial ground for the great pharaohs who ruled Egypt from the 16th to 11th century BC. It became the **burial ground for Tutankhamun and Ramses II** as well as queens and high priests. These underground, hidden mausoleums were never meant to be seen and contained elaborate preparations for the next world in which humans were promised continuing life. Treasures like the golden masks found with King Tut were found along with more items mundane such as furniture, clothing and food and wine for feasting in the afterworld. Then, visit the **temple of Queen Hatshepsut**, unique because of its architecture. The 12 year old Hatshepsut became Queen when her father died. She often ordered that she be portrayed as a male pharaoh with a beard and muscles. Your final visit today is to the **Colossi of Memnon**, two massive stone statues of **Pharaoh Amenhotep III**. They have **stood for nearly 3,400 years**, originally standing guard at the mortuary temple. Return to your riverboat for lunch, then continue your cruise on the mighty Nile sailing to Edfu.

November 11, 2020 - Edfu and Aswan!

This morning, visit the **Temple Edfu**, one of the best preserved in Egypt. Dedicated to the falcon god **Horus**, it was buried under nearly 40 feet of drifting sand over the centuries. In 1860, a French Egyptologist began the work of freeing Edfu resulting in it being nearly intact! Return to the boat and sail to the temple of **Kom-Ombo**, a unique double temple. Half is dedicated to the crocodile god **Sobek**, the other to the falcon god **Horus**. Continue your Nile cruise sailing to Aswan.

Overnight: Aswan - Onboard Movenpick MS Royal Lily (B/L/D)

November 12, 2020 - Spice Market, Aswan Dam and Felucca!

From Aswan, drive to the high **Dam of Aswan**, built during the 1960s. Before being built, the Nile River overflowed its banks yearly and the dam protects the area from the flood/drought cycle as well as generating hydroelectric power. Then, visit **Philae** an island downstream from the

Aswan Dam. Relocated before the dam was completed, the **Temple of Isis** was flooded for six months every year and was disassembled stone by stone and reconstructed. Your next visit is to the Ancient Quarries and the **Unfinished Obelisk** ordered by Hatshepsut around **1400 BC**. If finished, it would have measured nearly 140 feet, however cracks began to appear in the granite and the project was abandoned. Return to your boat for lunch. Later this afternoon, **sail the Nile on a traditional felucca** used for centuries by the Nubian people of Egypt. This evening, enjoy a visit to the **Aswan Spice market** after dinner onboard.

Overnight: Aswan - Onboard Movenpick MS Royal Lily (B/L/D)

Originally carved out of the mountainside during the reign of **Pharaoh Ramses II** as a lasting monument to himself and his queen **Nefertari**, these huge rock relief figures are iconic! The complex was completely relocated in 1968 as part of the Aswan Dam project. Construction began around 1264 BC lasting nearly 20 years and were meant to impress Egypt's southern neighbors. Return to Aswan by air and connect onward to **Cairo** where you'll check in to your hotel for the evening with dinner on your own. Located in the heart of Cairo's diplomatic and presidential neighborhood, you're just a few minutes from the airport.
