CRIMINAL BACKGROUND SCREENING POLICY

Purpose
The Lamar University (LU) JoAnne Gay Dishman School of Nursing adheres to the policies of all practicum facilities with which the School of Nursing is affiliated for student practicum learning experiences. Many practicum facilities and school districts require criminal background screening of all students.

Practicum agencies used by the LU JoAnne Gay Dishman School of Nursing (LU SON) stipulate in the practicum affiliation agreements that students' criminal background be prescreened before they are permitted into the practicum facility. This prescreening requirement is the same as that required of employees of public and private practicum agencies. The rationale for this requirement for practicum students is based on the concept of due diligence and competency assessment of all individuals whose assignments bring them in contact with patients and employees. Competency assessment extends beyond technical skills to include an individual's past behavior as indicated by their criminal history. This approach ensures uniform compliance with Joint Commission standards pertaining to human resource management. Moreover, the public is demanding greater diligence in light of the national reports of deaths resulting from medical errors. Successful completion of a background check does not guarantee licensure or employment after graduation. Full acceptance into the nursing program is contingent upon satisfactory results.

Policy Timing
Upon receipt of an application to the nursing program, applicants' names will be submitted to the Texas Board of Nursing (TX BON) for criminal background screening. Applicants will receive instructions for submitting fingerprints for the criminal background screening. A clear criminal background is a condition of full acceptance to the program. A clear report, in the form of a blue card from the TX BON, must be received by LU SON prior to being fully admitted to the nursing program. If it was necessary for applicant to go through the Declaratory Order process, a copy of the Declaratory Order outcome letter must be received by LU SON prior to being fully admitted to the nursing program. Please refer to “Process” section below for further information regarding the Declaratory Order. The results will be accepted for the duration of the student's enrollment in the nursing program if the participating student has not had a break in the nursing program and if the student has had no qualifying legal incidents or convictions while enrolled. A break in enrollment is defined as nonattendance of one full semester or more. Attendance must be verifiable through the university.

Process
The LU SON accepts criminal background screenings completed by the Texas Board of Nursing. The screening will include the student's complete criminal history, including the cities and counties of all known residences. The student is responsible for any cost associated with the criminal background screening.

A student does not qualify for the blue card/clear report anytime there is a record of criminal activity located or they are self-disclosing an incident not yet reported to DPS/FBI. The TX BON provides a process by which minor infractions can be handled in a timely manner. More serious findings will take more time and may lead to a delay in qualifying for admission.

In general, based on Texas Board of Nursing guidelines, the following histories will disqualify an individual from consideration for admission in the nursing program:
1. Misdemeanor convictions/deferred adjudication or felony convictions/deferred adjudications involving crimes against persons;
2. Misdemeanor convictions/deferred adjudication related to moral turpitude;
3. Misdemeanor/felony convictions/deferred adjudications for the sale, possession, distribution, or transfer of narcotics or controlled substances;
4. Registered sex offenders.

Individuals with any of the above histories will not be eligible to enroll in the nursing program, and if the history is discovered or a conviction occurs after enrollment, the student, will be required to withdraw from the program. A student who is convicted of a criminal offense while enrolled in the program must report the conviction to the LU SON Chair within three days of the conviction. The term conviction for these purposes includes probated sentences and deferred adjudications.
A student may be considered for admission to the program if the TX BON issues a Declaratory Order stating the individual is eligible for initial licensure or license renewal.

Notes
1. The student should be aware that the disqualifications listed above are used for employment eligibility by most hospitals in Texas.
2. Completion of a specific program will be determined by the student’s ability to successfully complete the required practicum rotations.
3. Practicum rotations are completed at sites specified by and contracted with Lamar University. Lamar University will not locate or provide alternative sites for practicum rotations for student ineligible to attend practicum rotations at the specified sites.

Compliance and Record Keeping
1. The Texas Board of Nursing will notify Lamar University (JoAnne Gay Dishman School of Nursing Chair) of all individuals who fail a criminal background check.
2. Verification sent by the TX BON to LU will include only the student’s name and social security number. Details of the criminal record will not be included in the report.
3. The LU JoAnne Gay Dishman School of Nursing will send verification on adherence to the policy to the practicum affiliate prior to the practicum rotation start date. Verification is accomplished by sending a letter from the JoAnne Gay Dishman School of Nursing on letterhead stating that these standards have been met by the student, listing the student’s full name and practicum rotation start date. If more than one student is attending a practicum rotation, a comprehensive list with all of the student’s names may be submitted.

Note:
Verification information will be filed in a secured area to ensure confidentiality. In the event that the student feels that an error has been made in the results of the criminal background check, it is the responsibility of the student to contact the external vendor for a verification check and the student is responsible for any cost associated with this check. Other than error relative to identify, there will be no appeal of this policy.
