Have a Local Experience

Learn about Regional Cuisines

Both China and Taiwan are famous for their unique cuisines. China can be divided into many geographical areas, and each area has a distinct style of cooking. The ingredients used in the food are based on the natural agricultural products of the region. Taiwanese food blends a variety of Chinese styles, Japanese food styles, Hakka, and aboriginal minorities cooking techniques and ingredients.

Enjoy Tours and Field Trips

More than 7 days of field trips to the cities of Taipei, Hualian, and Tainan in Taiwan and a 6 day tour to Beijing, China are included in the program.

You will visit world famous attractions including the Forbidden City, Taipei 101, the Great Wall, Taluko National Park, and the National Museum.
