

YOUR  
*Moment*  
IS HERE

## Your Future

Economics is the study of the production and consumption of goods and the transfer of wealth to produce and obtain those goods. Economics explains how people interact within markets to get what they want or accomplish goals. It is also known as the science of wealth.

## Career Opportunities

- Professors
- Researchers
- Lawyers
- Economists
- Economic Consultants
- Research Analysts
- Government Employees
- Cost Estimators
- Non-profit Employees
- Budget Analysts

## What Classes Will You Take?

- Money and Principles
- Business Law
- Macro Economics
- Managerial Economics
- Micro Economics
- Business Communications
- International Trade
- Strategic Analysis

## Degree Offered

Bachelor of Business Administration in Economics **B.B.A.**

## Are You Law School Bound?

An analysis of scores on the LSAT test for law school admission reported for students who apply to at least one ABA-accredited law school shows economic majors earned relatively high mean LSAT scores.

Careers in law involve shaping economic decisions. Writing and interpreting contracts, supporting mergers and acquisitions, dealing with the tax system, addressing disputes of workers, landlords and vendors—all of these involve decisions with significant economic content and implications.

## Participate in Research

Our students are active in undergraduate research and have been published in reputable journals nationwide.
