MEASURES	RESULTS	ACTIONS
CNDV 5392 Practicum Passing Rates Students passing grades during CNDV 5392 – Practicum Direct - Other <i>Clinical Mental Hlth Practicum: CNDV 5392</i> Target 100% passing rate is aimed for students enrolled in practicum.	MET Analysis 100% of the students (N=85) enrolled in the Fall 2025 and Spring 2026 practicum successfully passed.	<i>No actions have been added.</i>
Student Performance during Practicum Concerns shared with the Field Experience Coordinators (if any) by practicum instructors regarding student performance in their case presentation assignments which requires students to record a counseling session Indirect - Other <i>Clinical Mental Hlth Practicum: CNDV 5392</i>	MET Analysis There were just minor concerns shared with the field experience coordinator. Practicum students enrolled in Practicum in Fall 2025 and Spring 2026 performed well. Students must attend weekly one-hour long site supervision with a licensed professional at their practicum site, as well as weekly one-hour university supervision with their practicum instructor. Field experience coordinators review practicum application to determine the suitability of the proposed site and site supervisor. Students are only allowed to complete field experience courses in the approved sites under the supervision of the approved site supervisor. 2 hours of total supervision on a weekly basis allows students to receive the support needed and prevents ethical and professional issues. University supervisors maintain bi-weekly contact with site supervisors.	<i>No actions have been added.</i>

Professional Counseling Disposition
