**Summary of Continuous Improvement Efforts since Last Report**

*Provide a brief description of how assessment results have been used for program improvement. Point to a specific example of how an assessment provided the program with data it could use for improvement and what that improvement was, if possible, also show evidence of the improvement. You may look at data from the two previous academic years to support this case.*

Respond here:

This M.Ed. program is new and fully implemented as of this academic year. It replaced a similar program: M.Ed. in Digital Learning and Leading. Faculty determined students interested in an M.Ed. in educational digital technology and school leadership would benefit from a more streamlined and focused program. The catalyst for creating a new program rather than revising some of the course work was based on professional literature in the field as well as lead faculty's research agenda data.

**Program Highlights Since Last Report**

*Identify and briefly discuss any programmatic curriculum changes made since the last report (e.g. new courses, course changes, SLO changes, course deletions).*

Respond here:

Since this program is new, no noteworthy changes could have been made to this program relative to a previous cycle's report.
