

## Retrieving Course Evaluation Results for Instructors

As of Summer 2024, Lamar University's course evaluations will no longer be conducted under **SmartEvals**. Instead we are now utilizing **Watermark Course Evaluations**.

- With this new system, Instructors will receive an announcement email when evaluations launch.
- For most Parts of Term the evaluation period will last two weeks when launched.
- Halfway through the evaluation period, instructors will receive an email showing the current response rates for each of their classes.
