- C. Recognized organizations desiring to sponsor an outside speaker must submit a request in writing to the Office of Student Affairs on the form prescribed not later than six (6) business days prior to the date of the proposed speaking engagement. The written request must include the speaker's name; the proposed date, time, and location of the event; the expected size of the audience; and the topic of speech.
- D. In assigning space on campus for an invited speaker, the Office of Student Affairs shall consider the preference of the organization sponsoring the speaker; the availability of University facilities on the date and time of the event; the anticipated number of attendees; whether the facility can be adequately secured; and whether significant disruption to University functions can be reduced or prevented.
- E. The Office of Student Affairs may deny an outside speaker request if it determines, after reasonable inquiry, that the event is unlawful; that there is a likelihood that the speaker(s) will incite imminent unlawful action or willfully cause disruption to University functions; or holding the event will conflict with a time, place, or manner restriction contained in this policy. In determining whether a speaker is likely to incite imminent unlawful action or willfully cause disruption to University functions, the University may consider all relevant factors, including whether the speaker has, within the past five (5) years, invited violence, coercion, intimidation, or other invasion of lawful rights of an institution's students or employees; invited violence resulting in the seizure or destruction of property; or has willfully caused the forcible disruption of regularly scheduled classes or other functions at any institution.

This provision does not apply to classes, seminars, symposia, and conferences intended for the use and benefit of students, faculty, staff, and invited guests. The Vice-president for Student Affairs, at his or her discretion, may require that the event be attended by a member of the University administration or faculty and/or that a statement be made at the event that the views presented are not necessarily those of the University or of the sponsoring organization.
