

Instructions for Conducting Yearly Physical Inventory

1. Two departmental employees are to perform the physical inventory, unless department resources and logistics dictate using only one person. These individuals **SHOULD NOT** be responsible for the property being inventoried, or for the day-to-day accountability of the assets being inventoried. Consider using cross-department personnel to perform the physical inventory. Student workers should not be used to conduct inventory.
2. Verify, make corrections, and add if missing the following:
 - Property description
 - Property serial number
 - Building and room number where the property is located

Put all corrections in the comment section.
3. If the property is assigned to one employee, please document his/her name. It will be added to the property location to help with locating this item during future physical inventory counts.
4. Select the current condition of the asset using the drop menu in the column labeled Condition. The choices are good, fair, poor, or damaged.
5. If an asset is found with a value equal to or greater than \$5,000 or any item on the list below with a value equal to or greater than \$500 (unless otherwise noted) that was **NOT** tagged, please add the property to the Found Assets Not on List Form.
 - Computers – Desktop, Laptop, and Servers (*of any value*)
 - Smartphones, Tablets, and Other Handheld Devices (*of any value*)
 - Audio and Sound Equipment
 - Cameras
 - TV larger than 40"
 - VCR, Camcorder, and Laserdisc Players
 - Projectors
 - Weapons (*of any value*)

Please make a note of any tagged property found that is not on the department's inventory list on the Found Asset form. Another department may be looking for this property.

6. If there is property listed on the inventory that was transferred to a different department or sent to Surplus, please notate this on the inventory form and provide a copy of the transfer or surplus form previously sent to Property Management.
7. If assets need to be sent to Surplus, please complete the Surplus Removal Request form. Please use the IT Equipment Removal Request form for any item with a hard drive (i.e. computers, laptops, copiers, etc.). This does not include monitors, keyboards, printers, fax machines, etc.
8. Complete an Equipment Transfer Request form for any assets that need to be transferred to a different department. Each department's Property Custodian must sign the form prior to it being submitted to Property Management.

9. Only complete the Missing or Stolen Property Investigation Report form after an extensive search to locate the asset was performed. Please enlist the assistance of the department's Academic Computing Specialist or IT to locate computer equipment. Ensure that the LUPD Police Report number is on the form **BEFORE** submitting it to Property Management.
10. The Property Custodian must authorize employees to remove University assets from campus. The Remove Equipment from Campus Request form must be submitted to Property Management **PRIOR** to the employee removing any asset from campus. If the Property Custodian is the requestor, his or her immediate supervisor is required to sign the form. The request form is to be completed and submitted each fiscal year.

University assets that are located off campus must be verified for the physical inventory. If the employee is unable to bring the asset to campus, the Property Custodian may use a photo as verification. The photo must be of the asset with the property tag visible and paper with the current date, FY17 Inventory, employee name, and his or her signature hand-written on it. The photo does not need to be submitted with the inventory, but it should be available for review if requested.

11. All forms can be found at <http://facultystaff.lamar.edu/financial-matters/property-management.html>.
12. The Property Custodian must verify that the inventory has been completed by signing and dating the liability statement. **All inventory must be completed and submitted to Property Management prior to May 31, 2017.**
