

**Office of International Student Programs & Services
Concurrent Enrollment Request**

I. OVERVIEW

An F-1 student may be enrolled in two different SEVIS-approved schools at one time as long as the combined enrollment amounts to a full-time course of study. See 8 CFR § 214.2(f)(6)(iv).

II. ELIGIBILITY

A student is eligible to concurrently enroll in the following instance:

1. The student will be registered less than full-time at Lamar and is relying on enrollment at another school in order to meet the full-time course load requirement (12 credits for undergraduates; 9 credits for graduates). The student's academic department at Lamar will accept transfer credit for coursework completed at the second institution, if necessary.

A student who is granted concurrent enrollment must provide OISPS with a copy of his/her registration at the second institution prior to the end of the drop/add period at Lamar. If the student is registered full-time at Lamar University, he/she does not need special permission to take additional courses at another school. If a student is on suspension from Lamar, he/she needs to contact an international student advisor.

III. TO APPLY

1. If you meet the above requirements, complete Section IV of this form and ask the international student advisor at your other college or university (not Lamar University) to complete Section V.
2. Return this form to International Student Programs Services (OISPS) at Lamar before the end of Lamar's drop/add period for the semester of concurrent enrollment.

I certify that I understand what constitutes full-time enrollment for my program.
