-4-
FIRST TERM

June 2 Sunday . . . . Limited operation of dormitories.
June 3 Monday . . . . Registration, 8 a.m.
                Registration—evening classes, 6 p.m.
June 4 Tuesday . . . . Classes begin, 8 a.m.
                Late penalty for registration after this date, 7 p.m.
                Payment of fees is a part of registration.
June 5 Wednesday . . . . Last date for registration or for adding courses,
                7 p.m.
June 7 Friday . . . . Fourth Class Day
June 14 Friday . . . . Last date for application for August graduation,
                3 p.m.
June 24 Monday . . . . Last date for dropping courses or withdrawing with-
                out academic penalty, 7 p.m.
July 12 Friday . . . . First term finals
July 13 Saturday noon. Last date for reporting term grades to Registrar's
                 office.

SECOND TERM

July 15 Monday . . . . Registration, 8 a.m.
July 16 Tuesday . . . . Classes begin, 8 a.m.
                Late penalty after this date, 7 p.m. All payment of
                fees is a part of registration.
July 17 Wednesday . . . Last day for registration or for adding courses,
                7 p.m.
July 19 Friday . . . . Fourth Class Day
Aug. 5 Monday . . . . Last day for dropping courses or withdrawing without
                academic penalty, 7 p.m.
Aug. 23 Friday . . . . Second term finals
Aug. 24 Saturday . . . Commencement, 9 a.m.
                Dining Hall and dormitories close, 10 a.m.
DIRECTORY FOR CORRESPONDENCE

GENERAL INFORMATION

LOCATION

Lamar State College of Technology is a state-supported institution located in the center of industrial Southeast Texas at Beaumont. Principal industries in the area are oil refining, shipping, ship-building, rubber manufacturing, and chemical production. Surrounding the urban communities are ranches and rice farms.

The 100-acre campus faces the Beaumont-Port Arthur Highway in Southeastern Beaumont. With a population of approximately 120,000, Beaumont has modern schools, churches, and shopping districts to serve the thriving industrial community.

HISTORY

South Park Junior College was established in 1923. The college was organized and controlled by the South Park Independent School District, and classes were conducted in the South Park High School Building. Enrollment increased from about 125 in 1923 to 300 in 1931.

In 1932, the name of the institution was changed to Lamar College. At this time separate facilities were provided; additional equipment was purchased; and new policies were instituted. By 1939, enrollment was approximately 640.

In 1940, Lamar Union Junior College District was created, and Lamar College was separated from the South Park Independent School District. Bonds were voted and new facilities were constructed on the site of the present main campus.

A movement to expand Lamar College into a four-year state-supported school culminated in the creation of Lamar State College of Technology on September 1, 1951. Since that time the curriculum has been expanded and liberalized to include many areas of study, and many additional facilities have been provided. Enrollment has increased until there are now over 7,000 students.

The College offered graduate work in specified fields beginning in the academic year of 1960-61.

ACCREDITATION

The College is accredited by the Association of Texas Colleges and Universities and the Southern Association of Colleges and Secondary Schools.

All engineering departments in the School of Engineering are accredited by the Engineering Council for Professional Development.

Teacher education programs are approved by the Texas Education Agency.

ACADEMIC INFORMATION

ADVANTAGES OF SUMMER SESSION

The summer session is an important part of the total educational program offered by the College. Classes are taught by regular faculty members and all facilities normally used during the fall and spring semesters are available for summer school.

Academic courses include the same material as those offered during the regular semester.
There are many advantages to attending summer school classes for the high school graduate and for students previously enrolled in college.

1. For Entering Freshman

High school graduates concerned over the difficult transition from high school to college study can use summer school credits to lighten their academic load during their freshman year and eliminate some of the problems concerned with this transitional period.

During the summer session, students normally enroll for two academic courses per session. This allows greater concentration on the subject matter areas which are most difficult for the entering student.

Those who have deficiencies in any given field can use the summer session to make up these deficiencies which will allow them to enter the normal curriculum pattern the next fall semester.

Others can make good use of summer school courses to enrich their programs through work which they otherwise might not be able to take.

2. For Students Who Work

Students who plan to carry reduced academic loads during the regular sessions so that they may earn part of their expenses through employment can use the summer session to increase the total number of hours taken over a calendar year to what is normally expected of a full-time student.

3. Students Attending Other Colleges

Those who are regularly enrolled in other colleges but who reside in the area can use courses offered by Lamar to enrich their academic programs or to meet requirements at other institutions.

4. Students in Academic Difficulty

For those students who have failed to pass certain courses, who are on probation, or who have been suspended from Lamar State College, the summer session presents an opportunity to repair their academic record. Students that are suspended from Lamar State College may attend the summer session without penalty. This does not apply to students who have been suspended from other colleges.

GENERAL REGULATIONS

The general regulations of the College apply to the summer session. Students should read all regulations regarding academic matters listed in the current catalog. A copy of this catalog may be secured from the Dean of Admissions.

ADMISSIONS

Graduate School requirements are listed in the Graduate Bulletin.
Qualifications for vocational training are outlined in the Lamar School of Vocations Bulletin.

Requirements for admission to the undergraduate program of the College are listed in the following sections. Students seeking admission should study the requirements carefully. If it appears that the qualifications can not be met, the procedure for making application for admission outlined on the inside of the back cover of this catalogue should be followed.

Requests for application forms and additional information should be directed to the Dean of Admissions, Lamar State College of Technology, Beaumont, Texas.

ADMISSION REQUIREMENTS

Students who have never attended college are required to be high school graduates and to have earned certain specified units of credit as outlined in the regular catalogue.

College transfers are required to be eligible to re-enter the last college attended and further, to have passed a minimum of 9 hours with 9 grade points (3-2-1-0-basis), or, to have remained out of college for at least one regular semester.

ENTRANCE TEST REQUIREMENT

Entrance tests are required of all students entering from high school; of college transfers who have completed less than 30 semester hours; and of college transfers who have less than a "C" average on all work attempted regardless of the semester hours completed. This requirement does not apply to students of other colleges accepted as transient students for summer work only.

The required test is the College Board's Scholastic Aptitude Test (SAT). If at all possible the test should be taken in advance. Complete information on the test and application forms may be obtained from high school counselors or by writing to the College Entrance Examination Board, Box 592, Princeton, New Jersey. If the applicant finds it impossible to take this examination in advance, further instructions regarding the entrance test should be requested from the Dean of Admission.

Applicants who have participated in the American College Testing Program may substitute ACT scores for the Scholastic Aptitude Test scores.

ADMISSION OF TRANSIENT STUDENTS FOR SUMMER WORK ONLY

Students attending another college who wish to enroll for the summer session only at Lamar may be admitted as transient students. A student accepted under this classification is required to submit the regular "A" admission form and a Letter of Standing from his college. Transient students who later apply for regular admission must meet all entrance requirements.

REGISTRATION

Registration for the first term will be held on Monday, June 3, 1963, beginning at 8:00 a.m. Registration for evening classes will be on Monday, June 3, 1963, at 6:00 p.m.

Registration for the second summer session will begin at 8:00 a.m., Monday, July 15, 1963.
STUDENT LOAD

No student will be permitted to register for more than eight semester hours in a given summer term or for more than fourteen semester hours for the complete summer session. Exceptions to this regulation may be made for seniors scheduled to be graduated at the end of current summer session. Such students may enroll for a maximum of fifteen semester hours during the complete summer session preceding their graduation.

CLASS ATTENDANCE AND ABSENCES

Regular and punctual attendance in classes and laboratories is required of all students. An absence is classified as approved or unapproved. A student having an approved absence may make up examinations, written assignments, reports, etc., without penalty. This privilege is not extended to those having unapproved absences.

Students absent because of personal reasons, sickness, etc., are to report such absences to all instructors concerned. These instructors may accept the offered reason or may require the student to report to the Dean of Women or the Dean of Men for an official classification of the absence. If the absence is classified as approved, the student will receive an approved absence permit from the office of the Dean.

CANCELLING COURSES

The College reserves the right to cancel any course enrolling an insufficient number of students (usually less than 10).

COMMENCEMENT

A student who completes all the requirements for a degree during either of the summer terms will have the degree conferred during the August commencement scheduled for Saturday, August 24.

FACILITIES OF THE COLLEGE

BUILDINGS AND GROUNDS

Located on a campus of approximately one hundred acres and valued in excess of $10,000,000, the Lamar plant includes many new and functional buildings of modern design. These structures include: the Administration Building, Art Building, Biology-Geology Building, Bookstore, Business Building, Chemistry Building, Dining Hall, Engineering I, Engineering II, Health Center, Home Economic Building, Lamar Theatre, Liberal Arts Building, Library, McDonald Gymnasium, Music-Speech Building, Science Building, Student Union, Vocations I, Vocations II, Vocations III, and Women's Gymnasium. On-campus dormitories include: Campbell Hall, Combs Hall, Gray Hall, Morrie Hall, as well as three apartment buildings for married couples.

In addition, there are the President's Home, Superintendent of the Grounds' Home, athletic field house and practice fields, Olympic-size swimming pool, tennis courts, and miscellaneous storage buildings.

HOUSING

The College requires all students to live in one of the College dormitories and to take their meals in the College dining hall. The only exceptions to this regulation are:
1. Students who live with parents or relatives.
2. Married students who live with their wives or husbands.
3. Students whose health conditions demand special service.
4. Students whose part-time employment conflicts with College meal service hours.

Summersession students are housed in the ultra-modern dormitories. Rates for room and board may be found under the FEES AND EXPENSES section of this Bulletin.

RESERVATIONS
To reserve a room in the dormitory, direct a request to the Dean of Student Life, Lamar State College of Technology, Beaumont, Texas. A check for $20 must accompany the reservation request. Room reservations may be cancelled with full refund until three weeks prior to the first day of classes. No refund will be made on cancellations received after this date. Dormitory residents will be refunded deposits, less any breakage charges, at the end of the year. If a student moves from a dormitory at any time other than the end of the term, the $20 deposit will not be refunded.

INSTRUCTIONAL BUILDINGS
Classroom buildings are of modern design and conveniently located a short distance from the dormitories and the dining hall. Classes other than those necessitating special facilities, laboratory facilities, etc., are conducted in air-conditioned classroom buildings.

The student service buildings on the campus, including the Bookstore, Library, Student Union, Dining Hall, Health Center, etc., are also air-conditioned.

LIBRARY
The Library is conveniently located among the instructional buildings on the campus. Students will find that it has seating room for several hundred, a reference room, a film supply room, a micro-film reader room, subscriptions to more than 1,000 periodicals, and over 60,000 volumes. A budget of sufficient size to increase the volumes by several thousand per year assures an adequate future of excellent service to Lamar Tech students and faculty.

Library hours for the summer session are: 7:45 a.m. to 9:00 p.m., Monday through Thursday. 7:45 a.m. to 5:00 p.m., Friday. On Saturday, the hours are 9:00 a.m. to 4:00 p.m.; Sunday, 2:00 p.m. to 5:00 p.m. The Library is closed on holidays.

BOOKSTORE
The Bookstore is located in a new air-conditioned building connected to the Student Union. It is owned and operated by the College. Textbooks, reference books, supplies, etc., may be purchased at the Bookstore at a nominal price.

SWIMMING POOL
Lamar State College of Technology is one of the few schools that has an Olympic-size pool. This is 50 meters. The depth ranges from 4-1/2 feet to 13 feet. The diving area is shaped like an “L” and there are low and high boards.
This pool is restricted to college students, faculty members, and their guests. Guests must be registered at the pool.

Hours will be from 2:30 p.m. to 8:30 p.m. on Tuesday, Wednesday, Thursday, and Friday; Saturday from 1:00 p.m. to 8:30 p.m.; Sunday from 1:00 p.m. to 6:00 p.m. The pool will be closed Monday.

SERVICES OF THE COLLEGE

HEALTH CENTER

The College maintains an air-conditioned Health Center for the use of those students who become ill during the summer session. This center is located on East Virginia Street near the Dormitories.

The types of service available are: 1) out-patient service for those who have minor ailments but who do not require constant supervision, and 2) infirmary service for those who are in need of continued attention of the College Physician or registered nurse. For regulations governing the use of the Health Center, see the current college catalog.

COUNSELING

Educational and vocational guidance is available to all students through the college counseling program. Each student is assigned a faculty counselor who is available to assist the student in planning his college program.

PlACEMENT AND TESTING

The College maintains a testing and placement center in room 102 Liberal Arts Building. Employment interviews with the many representatives of various firms that visit the campus are scheduled through the Placement Office.

TEACHER CERTIFICATION

All students enrolling for the first time in an academic program leading to teacher certification should consult with the Dean of the School of Education regarding certification requirements, etc.

All teacher education programs of the College are approved by the Texas Education Agency.

loANS, FUNDS, AND SCHOLARSHIPS

Financial assistance in the form of loans and scholarships is available for a limited number of students. Details may be obtained from the "Bulletin of Scholarships and Loans" which can be secured, on request, from the Dean of Student Life, Lamar State College of Technology, Beaumont, Texas.

GRADUATE SCHOOL - DEGREES OFFERED

The Master of Arts degree is offered in the fields of English and history. A master teacher program may be completed along with the graduate degree in each of these departments.

The Master of Science degree is available in the field of mathematics. Master of Engineering Science is offered in the School of Engineering and combines graduate work in engineering with courses in science and mathematics.

The Master of Education degree is available in Elementary Education through the Department of Education and Psychology.

Those students interested in graduate work in any of the above fields should read the Bulletin for Graduate School 1962-63. It can be obtained from the Dean of the Graduate School, Lamar State College, Beaumont, Texas.
FEES AND EXPENSES

All fees and deposits are payable at the time of registration. The fees are as follows:

RESIDENCE AND DINING HALL FEES

Room and Board (Summer)
- Each six weeks: $121.50
- Short course, clinic, workshop, etc., rates:
  - Per day, room and board: 3.00
  - Per day, room only: 1.25

LABORATORY FEES

For all courses in which the combined credit of lecture and laboratory is from 1 to 3 semester hours, a laboratory fee of $2.00 is charged for each term. For such courses in which the credit is 4 semester hours or more, the laboratory fee is $4.00 per term.

GENERAL PROPERTY DEPOSIT

Each student must put up a general property deposit of $7.00. When the student leaves Lamar, this deposit is refunded less any charges.

REFUND OF FEES

No refund is made for dropped courses. A refund of 60% of registration, service, and private lessons fees is made if the student withdraws during the first week of classes. No refund is made after that time.

The withdrawing student must request the refund after official withdrawal and before the end of the summer session.

The time required to process refunds is about 60 days.

HOW TO ENTER LAMAR

If You Have Graduated from High School

1. Submit application on the official forms.
2. Submit a completed Health Data Form properly executed by a physician. This requirement applies only to students entering DAY CLASSES for the first time.
3. As soon as all high school work is completed, have your high school send Lamar Tech a copy of your complete transcript certifying graduation.
4. Take the prescribed entrance test and have a record of the test scores sent to the college.
5. If you do not plan to live at home send your dormitory deposit ($20.00) with request for space to Student Life Office, Lamar State College, Beaumont, Texas.

If You are Transferring from Another College

1. Submit application on the official form.
2. Submit the Health Data Form properly executed by a physician. This requirement applies to students entering DAY CLASSES for the first time.
3. Submit transcripts from EACH college previously attended. This requirement applies regardless of whether credit was earned or is desired. Make sure transcripts are sent under your present name.
4. Take the prescribed placement tests and/or have a record of test scores sent to the college. This requirement does not apply in some cases—see catalogue section on test requirement.
5. If you do not plan to live at home send your dormitory deposit ($20.00) with request for space to Student Life Office, Lamar State College, Beaumont, Texas.

Note: The student seeking admission as a "Summer School Transient" is required to submit only the application for admission and a Letter of Standing from his college.
