LAMAR STATE COLLEGE OF TECHNOLOGY
OFFICERS OF ADMINISTRATION

GENERAL

F. L. McDONALD, A.B., M.A., M.S., Ph.D., President
RICHARD W. SETZER, A.B., M.A., Ph.D., Vice-President of Academic Affairs
G. A. WIMBERLY, B.S., Assistant to the President
H. C. GALLOWAY, JR., B.S., M.Ed., Comptroller
NORRIS H. KELTON, B.A., M.A., Dean of Admissions
CELESTE KITCHEN, B.A., M.Ed., Registrar
DAVID BOST, B.A., M.J., Dean of Student Life
COL. WARD HOFFMAN, B.A., Dean of Men
MRS. BESS NEAL GENTRY, B.S., M.Ed., Dean of Women
JACK HILL, B.B.A., M.B.A., Director of Evening Classes
JOE B. THRASH, B.S., M.A., Director, Testing and Placement Center

SCHOOLS

EDWIN S. HAYES, B.S., Ph.D., Dean, School of Arts and Sciences
J. D. LANDES, B.S., M.S., Ph.D., Dean, School of Business
W. RICHARD HARGROVE, B.S., M.Ed., Ed.D., Dean, School of Education
TED SKINNER, B.S., M.A., Ph.D., Dean, School of Fine and Applied Arts
FRANK A. THOMAS, JR., B.S., M.S., Ph.D., Dean, School of Engineering
M. L. McLAUGHLIN, B.S., M.Ed., Ed.D., Dean, Graduate School
E. E. MILLER, B.S., M.S., Director, Lamar School of Vocations
LAMAR STATE COLLEGE OF TECHNOLOGY

SUMMER SESSION, 1965

First Term
June 6 Sunday . . . . Limited operation of dormitories.
June 7 Monday . . . . Registration, 8 a.m.
June 8 Tuesday . . . . Registration--evening classes, 6 p.m.
June 9 Wednesday . . . . Classes begin, 8 a.m.
June 10 Thursday . . . . Late penalty for registration after this date, 7 p.m.
June 11 Friday . . . . . . Payment of fees is a part of registration.
June 18 Friday . . . . . . Last date for application for August graduation,
June 25 Friday . . . . . . 5 p.m.
June 28 Saturday noon . . . . Last date for dropping courses or withdrawing without academic penalty, 7 p.m.
July 15-16 Thursday, Friday. First term finals
July 17 Saturday noon. . . . Last date for reporting term grades to Registrar's office.

Second Term
July 19 Monday . . . . Registration, 8 a.m.
July 20 Tuesday . . . . Classes begin, 8 a.m.
July 21 Wednesday . . . . Late penalty after this date, 7 p.m. All payment of fees is a part of registration.
July 22 Thursday . . . . Last day for registration or for adding courses, 7 p.m.
July 23 Friday . . . . . . Fourth Class Day
Aug. 9 Monday . . . . . . Last day for dropping courses or withdrawing without academic penalty, 7 p.m.
Aug. 26-27 Thursday, Friday Second term finals
Aug. 28 Saturday . . . . Commencement, 9 a.m.
Dining Hall and dormitories close, 10 a.m.

GENERAL INFORMATION

LOCATION

Lamar State College of Technology is a state-supported institution located in the center of industrial Southeast Texas at Beaumont. Principal industries in the area are oil refining, shipping, shipbuilding, rubber manufacturing and chemical production. Surrounding the urban communities are ranches and rice farms.

The campus faces the Beaumont-Port Arthur Highway in southeastern Beaumont. With a population of approximately 120,000, Beaumont has modern schools, churches, and shopping districts to serve the thriving industrial community.

HISTORY

South Park Junior College was established in 1923. The college was organized and controlled by the South Park Independent School District, and classes were conducted in the South Park High School Building. Enrollment increased from about 125 in 1923 to 300 in 1931.

In 1932, the name of the institution was changed to Lamar College. At this time separate facilities were provided, additional equipment was purchased and new policies were instituted. By 1939, enrollment was approximately 640.

In 1940, Lamar Union Junior College District was created, and Lamar College was separated from the South Park Independent School District. Bonds were voted and new facilities were constructed on the site of the present main campus.

A movement to expand Lamar College into a four-year state-supported school culminated in the creation of Lamar State College of Technology on September 1, 1951. Since that time the curriculum has been expanded and liberalized to include many areas of study, and many additional facilities have been provided. Enrollment has increased until there are now over 7,800 students.

The College offered graduate work in specified fields beginning in the academic year of 1960-61.

ACCREDITATION

Lamar is accredited by the Association of Texas Colleges and Universities and the Southern Association of Colleges and Secondary Schools. It is also approved by the Texas Education Agency.

The departments of Chemical Engineering, Civil Engineering, Electrical Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Council for Professional Development.

ACADEMIC INFORMATION

ADVANTAGES OF SUMMER SESSION

The summer session is an important part of the total educational program offered by the College. Classes are taught by regular faculty members and all facilities normally used during the fall and spring semesters are available for summer school.

Academic courses include the same material as those offered during the regular semester.
There are many advantages to attending summer school classes for the high school graduate and for students previously enrolled in college.

1. For Entering Freshman

High school graduates concerned over the difficult transition from high school to college study can use summer school credits to lighten their academic load during their freshman year and eliminate some of the problems concerned with this transitional period.

During the summer session, students normally enroll for two academic courses per session. This allows greater concentration on the subject matter areas which are most difficult for the entering student.

Those who have deficiencies in any given field can use the summer session to make up these deficiencies which will allow them to enter the normal curriculum pattern the next fall semester.

Others can make good use of summer school courses to enrich their programs through work which they otherwise might not be able to take.

Some students may wish to accelerate their graduation date through summer work. It is quite possible to shorten the academic period required for graduation by one or more semesters through repeated summer school attendance.

2. For Students Who Work

Students who plan to carry reduced academic loads during the regular sessions so that they may earn part of their expenses through employment can use the summer session to increase the total number of hours taken over a calendar year to what is normally expected of a full-time student.

3. Students Attending Other Colleges

Those who are regularly enrolled in other colleges but who reside in the area can use courses offered by Lamar to enrich their academic programs or to meet requirements at other institutions.

4. Students in Academic Difficulty

For those students who have failed to pass certain courses, who are on probation, or who have been suspended from Lamar State College, the summer session presents an opportunity to repair their academic record. Students that are suspended from Lamar State College may attend the summer session without penalty. This does not apply to students who have been suspended from other colleges.

GENERAL REGULATIONS

The general regulations of the College apply to the summer session. Students should read all regulations regarding academic matters listed in the current catalog. A copy of this catalog may be secured from the Dean of Admissions.

ADMISSIONS

Graduate School requirements are listed in the Graduate Bulletin.
Qualifications for vocational training are outlined in the Lamar School of Vocations Bulletin.

Requirements for admission to the undergraduate program of the College are listed in the following sections. Students seeking admission should study the requirements carefully. If it appears that the qualifications cannot be met, the procedures for making application for admission outlined on the inside of the back cover of this catalogue should be followed.

Requests for application forms and additional information should be directed to the Dean of Admissions, Lamar State College of Technology, Beaumont, Texas.

ADMISSION REQUIREMENTS

Students who have never attended college are required to be high school graduates and to have earned certain specified units of credit as outlined in the regular catalogue.

College transfers are required to be eligible to re-enter the last college attended and further, to have passed a minimum of 9 hours with a grade points (3-2-1-0), or, to have remained out of college for at least one regular semester.

ENTRANCE TEST REQUIREMENT

The Scholastic Aptitude Test (SAT) of the College Entrance Examination Board is required of applicants entering from high school unless graduation was prior to 1958. Test scores are one of several factors considered in determining the candidate's qualifications for admission.

The Scholastic Aptitude Test is administered by CEEB at test centers throughout the United States and in many foreign countries in December, January, March, May, and July. Lamar State College is one of the testing centers. The location of all test centers, test dates, fees, application forms, and general information about the test is given in the CEEB booklet, Bulletin of Information - Scholastic Aptitude Test. The bulletin may be obtained without charge from high school counselors, or by writing directly to the College Entrance Examination Board, Box 392, Princeton, New Jersey. A copy of the booklet should be secured EARLY so that a convenient test date and site can be selected. Application to take the test and test fees are sent to CEEB, not to this College.

Failure to take entrance tests in advance may seriously delay admission and registration.

ADMISSION OF TRANSIENT STUDENTS FOR SUMMER WORK ONLY

Students attending another college who wish to enroll for the summer session only at Lamar may be admitted as transient students. A student accepted under this classification is required to submit the regular "A" admission form and a Letter of Standing from his college. Transient students who later apply for regular admission must meet all entrance requirements.

REGISTRATION

Registration for the first term will be held on Monday, June 7, 1965, beginning at 8:00 a.m. Registration for evening classes will be on Monday, June 7, 1965, at 6:00 p.m.

Registration for the second summer session will begin at 8:00 a.m., Monday, July 19, 1965.
STUDENT LOAD

No student will be permitted to register for more than eight semester hours in a given summer term or for more than fourteen semester hours for the complete summer session. Exceptions to this regulation may be made for seniors scheduled to be graduated at the end of current summer session. Such students may enroll for a maximum of fifteen semester hours during the complete summer session preceding their graduation.

ABSENCES

Regular and punctual attendance in classes and laboratories is required of all students. An absence is classified as approved or unapproved. A student having an approved absence may make up examinations, written assignments, reports, etc., without penalty. This privilege is not extended to those having unapproved absences.

Students absent because of personal reasons, sickness, etc., are to report such absences to all instructors concerned. These instructors may accept the offered reason or may require the student to report to the Dean of Women or the Dean of Men for an official classification of the absence. If the absence is classified as approved, the student will receive an approved absence permit from the office of the Dean.

CANCELLING COURSES

The college reserves the right to cancel any course enrolling an insufficient number of students (usually less than 10).

COMMENCEMENT

A student who completes all the requirements for a degree during either of the summer terms will have the degree conferred during the August commencement scheduled for Saturday, August 28.

FACILITIES

BUILDINGS AND GROUNDS

Located on a campus of approximately one hundred acres and valued in excess of $15,000,000, the Lamar plant includes many new and functional buildings of modern design. These structures include: the Administration Building, Art Building, Biology-Geology Building, Bookstore, Business Building, Chemistry Building, Dining Hall, Engineering I, Engineering II, Health Center, Home Economics Building, Lamar Theatre, Liberal Arts Building, Library, McDonald Gymnasium, Music-Speech Building, Science Building, Student Union, Vocations I, Vocations II, Vocations III, and Women's Gymnasium. On-campus dormitories include Campbell Hall, Combs Hall, Gentry Hall, Gray Hall, Morris Hall, as well as three apartment buildings for married couples. Plummer Hall, a new air-conditioned dormitory for men, and Cardinal Stadium, a new 17,150-seat football stadium.
HOUSING

DORMITORIES

The dormitory housing program is part of the overall educational plan of the college. The Board of Regents has committed the college to maintaining full occupancy of all rooms in the dormitories. For these reasons, students at Lamar State College of Technology are required to live in one of the college dormitories and take their meals in the college dining hall.

The only exceptions to this regulation are:

(1) Students who live with parents or relatives.
(2) Married students who live with their wives or husbands.
(3) Students whose health conditions demand special services.
(4) Students whose part-time employment conflicts with the college meal service hours.
(5) Students for whom no housing is available when all dormitories have been filled. In such cases, these students will be permitted to live in approved housing off campus until the beginning of a semester in which dormitory space becomes available.

The Dean of Men and the Dean of Women will review all requests for permission to live off campus. The college reserves the right to require campus residence of any student. A student who gives a false residence address or a false statement that he is living with relatives will be subject to suspension.

Dormitories for both men and women are ultra-modern residence halls, each three stories high. Each floor houses 36 students, organized into units for purposes of self-government, intramural athletics, and social life. Students live in suites for six. Each suite consists of two large bedrooms, two study rooms, and bath. Each room has a dial telephone for inter-campus and Beaumont calls.

The Dining Hall serves three meals per day except on Sundays when only breakfast and lunch are served.

RESERVATIONS

To reserve a room in the dormitories, direct a request to the Assistant to the Dean of Student Life, Lamar State College of Technology, Beaumont, Texas. A check for $20 must accompany the reservation request. Room reservations must be canceled with full refund until three weeks prior to the first day of classes. No refund will be made on cancellations received after this date. Dormitory residents will be refunded deposits, less any breaking charges, at the end of the year. The $20 deposit will not be refunded if the student moves from the dormitory at any time other than at the end of the semester.

All unclaimed rooms will be declared vacant and the deposit forfeited at 6:00 p.m. on the last day of registration unless the student gives the Dean of Student Life Office written instructions to hold the room for a longer period.
INSTRUCTIONAL BUILDINGS

Classroom buildings are of modern design and conveniently located a short distance from the dormitories and the dining hall. Classes other than those necessitating special facilities, laboratory facilities, etc., are conducted in air-conditioned classroom buildings.

The student service buildings on the campus, including the Bookstore, Library, Student Union, Dining Hall, Health Center, etc., are also air-conditioned.

LIBRARY

The Library is conveniently located among the instructional buildings on the campus. Students will find that it has seating room for several hundred, a reference room, a film supply room, a microfilm reader room, subscriptions to more than 1,000 periodicals, and over 70,000 volumes. A budget of sufficient size to increase the volumes by several thousand per year assures an adequate future of excellent service to Lamar Tech students and faculty.

Library hours for the summer session are: 7:45 a.m. to 9:00 p.m., Monday through Thursday; 7:45 a.m. to 5:00 p.m., Friday. On Saturday, the hours are 9:00 a.m. to 4:00 p.m.; Sunday, 2:00 p.m. to 5:00 p.m. The Library is closed on holidays.

SWIMMING POOL

Lamar State College of Technology is one of the few schools that has an Olympic-size pool. This is 50 meters. The depth ranges from 4 1/2 feet to 13 feet. The diving area is shaped like an "L" and there are low and high boards.

This pool is restricted to college students, faculty members, and their guests. Guests must be registered at the pool.

Hours will be from 2:30 p.m. to 8:30 p.m. on Tuesday, Wednesday, Thursday, and Friday; Saturday from 1:00 p.m. to 8:30 p.m.; Sunday from 1:00 p.m. to 6:00 p.m. The pool will be closed Monday.

BOOKSTORE

For the convenience of faculty and students, the College operates its own bookstore where supplies and books, new and used, may be purchased.

Used books which are currently approved may be sold to the bookstore at prices much better than such books would ordinarily bring. Books which must be discontinued are not purchased by the bookstore except at a salvage price.

The bookstore reserves the right to require the seller to prove his ownership.

SERVICES

COUNSELORS

At registration, each student is assigned a faculty counselor who is available for educational, vocational, and personal guidance. All students are expected to make appointments with counselors during each semester. Such arrangements are the responsibility of the student.

Counseling sessions will insure that a program of study is pursued in proper sequence and that academic progress is maintained by the student.
TESTING AND PLACEMENT SERVICE

The Testing and Placement Center is located in Room 102 of the Liberal Arts Building and is open 8:00 a.m. to 5:00 p.m. Monday through Friday.

This Center provides testing service for entering students and for others who want it. Non-students wishing to use this service pay a fee depending upon the testing program desired.

Placement service is also provided at this Center and is available to all students, faculty, and former students.

HEALTH CENTER

The College maintains a Health Center for the use of students during the long term or summer session.

Two types of service are available: (1) out-patient service for those who have minor ailments but who do not require constant supervision, and (2) infirmary service for those who are in need of the continued attention of the College physician or a registered nurse.

TEACHER CERTIFICATION

Lamar is an approved teacher-certifying agency. All teacher education programs of the college are approved by the Texas Education Agency. Students seeking teacher certification should consult with the Dean of the School of Education regarding requirements, etc.

LOAN FUNDS AND SCHOLARSHIPS

Financial assistance in the form of loans and scholarships is available for a limited number of students. Details may be obtained from the "Bulletin of Scholarships and Loans" which can be obtained on request to the Dean of Student Life, Lamar State College, Beaumont, Texas.

DEGREES OFFERED

The Master of Arts degree is offered in the fields of English, history, and chemistry. A master teacher program may be completed along with the graduate degree in each of these departments.

The Master of Science degree is available in the field of mathematics. Master of Engineering Science is offered in the School of Engineering and combines graduate work in engineering with courses in science and mathematics.

The Master of Education degree is available in Elementary Education and Special Education through the Department of Education and Psychology.

The Master of Business Administration will be offered in the fall of 1965 by the School of Business.

For specific degree requirements, the student should consult the Graduate Bulletin.
FEES AND EXPENSES

All fees and deposits are payable at the time of registration. The fees are as follows:

**RESIDENCE AND DINING HALL FEES**

- Room and Board (Summer)
  - Each six weeks: $121.50
- Short course, clinic, workshop, etc., rates:
  - Per day, room and board: $3.00
  - Per day, room only: $1.25

**LABORATORY FEES**

For all courses in which the combined credit of lecture and laboratory is from 1 to 3 semester hours, a laboratory fee of $2.00 is charged for each term. For such courses in which the credit is 4 semester hours or more, the laboratory fee is $4.00 per term.

**GENERAL PROPERTY DEPOSIT**

Each student must put up a general property deposit of $7.00. When the student leaves Lamar, this deposit is refunded less any charges.

**REFUND OF FEES**

No refund is made for dropped courses. A refund of 60% of registration, service, and private lessons fees is made if the student withdraws during the first week of classes. No refund is made after that time.

The withdrawing student must request the refund after official withdrawal and before the end of the summer session.

The time required to process refunds is about 60 days.

HOW TO ENTER LAMAR

If You Have Graduated from High School

1. Submit application for admission on the official forms.
2. Submit a completed Health Data Form properly executed by a physician. This requirement applies only to students entering DAY CLASSES for the first time.
3. As soon as all high school work is completed, have your high school send Lamar Tech a copy of your complete transcript certifying graduation.
4. Take the prescribed entrance test and have a record of the test scores sent to the college.
5. If you do not plan to live at home send your dormitory deposit ($20.00) with request for space to Student Life Office, Lamar State College, Beaumont, Texas.

If You are Transferring from Another College

1. Submit application on the official form.
2. Submit the Health Data Form properly executed by a physician. This requirement applies to students entering DAY CLASSES for the first time.
3. Submit transcripts from EACH college previously attended. This requirement applies regardless of whether credit was earned or is desired. Make sure transcripts are sent under your present name.
4. Take the prescribed placement tests and/or have a record of test scores sent to the college. This requirement does not apply in some cases--see catalogue section on test requirement.
5. If you do not plan to live at home send your dormitory deposit ($20.00) with request for space to Student Life Office, Lamar State College, Beaumont, Texas.

Note: The college student seeking admission as a "Summer School Transient" is required to submit only the application for admission and a Letter of Standing from his college.
