Issued:

Responsible Official: SACSCOC Liaison

Policy Statement

It is the policy of Lamar University to adhere to accreditation standards of the Southern Association of Colleges and Schools Commission on Colleges (“SACSCOC” or “Commission”).

01. PURPOSE

01.01
Lamar University is dedicated to the expansion of academic opportunities through the development and offering of new programs and courses offered off-site or by electronic means, in support of the University’s mission.

01.02
Lamar is also committed to adhering to the policies and requirements of its regional accrediting body, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). In accordance with such policy, Lamar will notify SACSCOC of potential or actual substantive change to its role and scope in a timely manner, and in some cases, will seek approval for change before the initiative is implemented.

01.03
SACSCOC is recognized by the United States Department of Education as an agency whose accreditation enables its members to seek eligibility to participate in Title IV programs.

01.04
SACSCOC is responsible for reviewing all substantive changes that occur between an institution’s decennial reviews to determine whether or not the change has affected the quality of the total institution and to assure the public that all aspects of the institution continue to meet defined standards. Therefore, Lamar is also committed to establishing procedures to ensure compliance and to providing guidance and expectations regarding those curricular and organizational changes requiring notification and approval.
01.05
The purpose of this policy is to comply with the substantive change requirements of SACSCOC.
This policy is applicable to all departments and colleges.

02. DEFINITIONS

02.01
Substantive change is a significant modification or expansion in the nature and scope of an
credited institution.

02.02
There are three different types of substantive change:
(1) substantive change requiring notification and approval prior to implementation;
(2) substantive change requiring only notification prior to implementation; and
(3) review and approval of teach-out plans when closing a program, site, branch campus, or
institution.

02.03
Examples of substantive change and the procedures used in meeting notification and approval
requirements include but are not limited to:

a. initiating courses or programs that represent a significant departure from those
currently approved,
b. significantly (25% or more) modifying course offerings in an existing degree
program,
c. offering part or all of a program or courses through contractual agreements or
consortium,
d. commencing or expanding off-campus sites or distance education programs,
e. initiating a degree completion program,
f. expanding programs at the current credential level,
g. initiating courses or programs at a different credential level,
h. substantially altering the number of clock or credit hours for successful
completion of a program,
i. changing from clock hours to credit hours,
j. significantly changing the length of a program,
k. closing a program,
l. relocating an off-campus site, main campus or a center,
m. establishing an additional location geographically apart from the main campus at which the institution offers at least 50 percent of a program,
n. significantly altering the mission of the institution,
o. changing governance, ownership, control or legal status,
p. changing the established mission of the institution.

02.04

Certain substantive changes require prior notification to SACSCOC. Other substantive changes require submission of a substantive change prospectus or a modified prospectus prior to the implementation of the substantive change. Many substantive changes require on-site committee reviews by SACSCOC. In consultation with the SACSCOC policies and staff, the University’s Accreditation Liaison determines the applicability of SACSCOC Substantive Change policy to the above described activities.

03. ROLES

03.01

Role of President – The chief executive officer of Lamar notifies the president of SACSCOC of substantive changes at the institution.

03.02

Role of Provost and Vice President for Academic Affairs – Substantive changes are typically the result of activities in the Division of Academic Affairs, for which the provost and vice president for Academic Affairs has oversight. All curriculum proposals must be submitted to the Office of the Provost and Vice President for Academic Affairs for approval and reporting, and when necessary, to SACSCOC. The VPAA maintains the online curriculum tracking site and also pays any fees related to the substantive change.

03.03

Role of Accreditation Liaison – The Executive Director of the Office of Planning & Assessment serves as Lamar’s SACSCOC Accreditation Liaison, whose charge is to ensure compliance
with accreditation requirements. The accreditation liaison adheres to the prescribed procedures and timeframe and provides appropriate documentation regarding substantive changes to SACSCOC. *The accreditation liaison reviews all curriculum changes before they are submitted to the University Undergraduate Curriculum Council or the Graduate Council.* The accreditation liaison is familiar with SACSCOC’s policies and procedures and consults with the institution’s SACSCOC staff member about any questions. The Accreditation Liaison will sign off on the *Course Inventory Update Form.*

03.04

**Role of Faculty and Academic Administrators** – In order to ensure compliance, all faculty and administrators involved in making a curricular or organizational change should review this policy as well as other policies pursuant to the specific type of change (e.g., requesting new academic program, adding new courses, or adding online courses to an existing program). Faculty and administrators involved in making a curricular or organizational change are responsible for drafting appropriate notifications and other required documents (i.e., prospectus) following the [Substantive Change for SACSCOC Accreditation Institutions Policy](#).

03.05

**Role of the Dean of Library Services** – In order to ensure compliance with SACSCOC standards faculty and administrators are responsible for requesting a review of library resources to ensure the “access to appropriate collections, services, and other library-related resources that support all educational, research, and public service programs wherever they are offered and at the appropriate degree level.” The Dean of Library Services will ensure that this review is completed and sign off on the *Course Inventory Update Form.*
04. MONITORING AND REPORTING CHANGES

04.01
The University has developed procedures for departments and units to follow when developing
and delivering College courses off-site, electronically, revising a program, proposing a
new program or program level change, program closures and contracts or consortium
agreements for instruction.

04.02
The University’s SACSCOC Accreditation Liaison will be consulted prior to beginning a process
that results in a substantive change. Prior to developing and delivering University
courses off-site, electronically, for a new program and or program level, or significantly
altering an existing degree plan please consult these procedures and fill out the
Substantive Change Checklist for Notification and/or Approval and submit it to the
SACSCOC Liaison when before the program is submitted to the University
Undergraduate Curriculum Council or the Graduate Council.

04.03
Depending on the specific nature of the change, all changes must be reported to SACSCOC for
notification and approval in a timely manner. All submissions will be coordinated
through the University’s SACSCOC Accreditation Liaison. Any unit or department
initiating a substantive change must notify the University’s SACSCOC Accreditation
Liaison as soon as the change is considered.

04.04
All questions about whether a change is substantive should be directed to the University’s
SACSCOC Accreditation Liaison for guidance.

04.05
All correspondence with SACSCOC will be submitted by the University President or the
University’s SACSCOC Accreditation Liaison.

Each submission must include the following in the order listed:

1. Transmittal letter signed by an institutional representative (President) which briefly explains the submission
