On Thursday, October 12, STAIRSTEP member Diego Fernandez accompanied Dr. Stefan Andrei, and represented the Lamar University Computer Science Department at the “Majors, Minors and More!” event. From 1:30 to 3:30 PM, Fernandez interacted with students who have not decided what their major was going to be, or were considering getting a minor in computer science. Fernandez interacted with 5 students who were interested in pursuing a degree in computer science at Lamar University.
