MESSAGE FROM THE **PRESIDENT**

Dear Fall 2025 Graduates,

Congratulations on your incredible achievement! Today is a moment to celebrate not just your academic success, but also the personal growth and transformation you've experienced over the years. My biggest hope for the Class of 2025 is that you feel ready. Ready to take on the world, and maybe even teach it a thing or two. Seeing you hit this milestone is honestly one of the best parts of my job. I can't tell you how proud I am of all you've done.

You've earned this moment with your curiosity and your persistence. But remember, you didn't do this alone. Your professors, friends, and families have been with you every step of the way. Be sure to thank them. They'll continue to support you as you move forward.

As you leave behind the familiar routines and structures of college life, you're now free to set your own course and determine what's next. The freedom to choose your direction is empowering, but it also comes with responsibility. When you encounter frustration or discomfort, don't step back. Lean into it. Look for the hardest problems in your field: the inequities, the complex issues, or the things that genuinely annoy you. Equally important is being ruthless about the people and ideas you let into your world. Surround yourself with those who challenge you, push you to think bigger, and hold you accountable. The right influences will shape your future in ways you can't yet imagine, so choose carefully.

Your time at Lamar University has done more than prepare you to master concepts and pass exams. It has transformed you into someone who knows how to ask tough questions and adapt when things don't go as planned. The skills you've developed, and the perspectives you've gained, will not only shape your own future but will ripple outward, affecting your families, your communities, and the world around you.

I'm excited to see the impact you'll make. The world is waiting for your unique contributions, and I'm confident that you'll continue to push boundaries and inspire others along the way. You've proven you have what it takes. We're all rooting for you. You'll always have a home here, whether for a quick visit or as a partner in shaping the future of this institution.

Congratulations!

Sincerely,
Jaime Taylor, Ph.D.
President
