MESSAGE FROM THE PRESIDENT

DR. KENNETH R. EVANS

I wish to personally congratulate each and every one of you and extend to you a warm congratulations from the entire faculty, administration and staff on this day of your graduation from Lamar University. This is the day you have worked long and hard to achieve, and we celebrate you with admiration and pride.

Although this day is about personal achievement, undoubtedly, you've had a few supporters helping you get to this place of success. Therefore, today we also recognize those who have encouraged you to continue to pursue your goals and inspired you to attain more than you thought possible. Be sure to thank those family, friends and faculty members who helped you along the way.

You have earned more than a degree while attending Lamar University. During these years, you have gained friendships, created memories, identified your passions and honed skills. And, it goes without saying, as the class of 2020, you have experienced numerous hardships and overcome great disappointment. I now challenge you to build on all you have realized, wear your resiliency like a badge of honor and make a positive impact in your vocation, your community and our society.

You make us proud today. Go out as Lamar University alumni and make us proud tomorrow.

You are always a Cardinal, and you are always welcome back to Lamar University.

With Cardinal Pride,

Kenneth R. Evans, Ph.D.

UNIVERSITY ALMA MATER

*Lamar to thee we're singing
Voices raised on high.
We will forever love thee
Laud thee to the sky.
We will ever need thee*

*As our guiding star.
To us you'll always be
Our glorious Lamar.*

The Lamar University Alma Mater is sung at the end of each commencement ceremony. Gilbert Rhodes Smartt, Lamar Professor from 1945 to 1951 wrote the words and composed the music to the alma mater in 1951 in celebration of Lamar's elevation to senior college status.

VETERANS AND MILITARY MEMBERS

Lamar University is proud to recognize graduating Veterans with a red, white and blue triple cord. On behalf of the entire Lamar University community, President Kenneth R. Evans and the LU Administrative Officers, we extend our deepest gratitude and congratulations to these distinguished graduates.

GUIDELINES FOR GUESTS

Commencement is a significant and solemn event, the recognition of years of study. To maintain the dignity of the ceremony, guests and participants are requested to refrain from unnecessary noises (air horns, etc.) and movement during the ceremony. Only the official photographer is allowed on the arena floor.

WILLIAM F. SCOTT

William F. ("Bill") Scott is the CEO, Chairman and co-owner with his three sons of Trans-Global Solutions Inc. (TGS), as well as, Chairman and General Partner of TGS Development, LP, and TGS Cedar Port Partners, LP, owner of the 10,000 plus acre Cedar Port Industrial Park near Baytown, Texas. Bill has for more than 30 years focused his time on identifying, developing, owning and operating marine terminal facilities serving companies including Valero Refining, Shell Oil, Mitsubishi, ExxonMobil, Lyondell Citgo Refining, ConocoPhillips/PDVSA, and Total Petrochemicals USA, Inc.

Bill is a 1970 graduate of Lamar University and is involved in numerous statewide and local civic and charitable activities including:

- Chairman of the Texas State University System (TSUS) Board of Regents
- Chairman of the TSUS Planning and Construction Committee
- Board member of the Lamar University Foundation
- Past President of the Three Rivers Council Boy Scouts of America
- President of the Gay D. and William F. Scott Family Foundation

Bill and his wife of 40 years, Gay Duckworth Scott, have 3 sons, Will, James, and Richard, as well as 4 granddaughters and 1 grandson.

JARED RICHARDS

Jared Richards is from Nederland, Texas and is graduating from Lamar University with a Bachelor of Science in Mechanical Engineering and a Bachelor of Science in Physics. Jared has been married for 19 years and is the father of two boys, aged 16 years and 12 years. He was an Infantry Sergeant in the United States Marine Corps, fighting in Operation Iraqi Freedom in 2003. Following

his end of active military service, Jared labored for three years as an apprentice electrician, one year as a process operator, and ten years as a commercial (deep sea) diver. Jared enrolled at Lamar University in the Spring of 2017, completing both degree programs in four years.

Jared led a design team working on a NASA Texas Space Grant Consortium project, winning first place in the Multidisciplinary Category of the 2020 College of Engineering Senior Design Symposium. He has been employed at Lamar University as a Teaching Assistant for three years, tutoring, grading, and conducting recitations in physics. He has also been employed as a Research Assistant and is currently working with an experimental nuclear physics collaboration at the Thomas Jefferson National Laboratory.

Outside of academia, Jared enjoys practicing woodcraft and field-craft in the Piney Woods of East Texas with his family; and he enjoys playing board games, card games, and video games with his family when at home. Jared and his wife have enjoyed home-schooling both of their children up through the eighth grade.

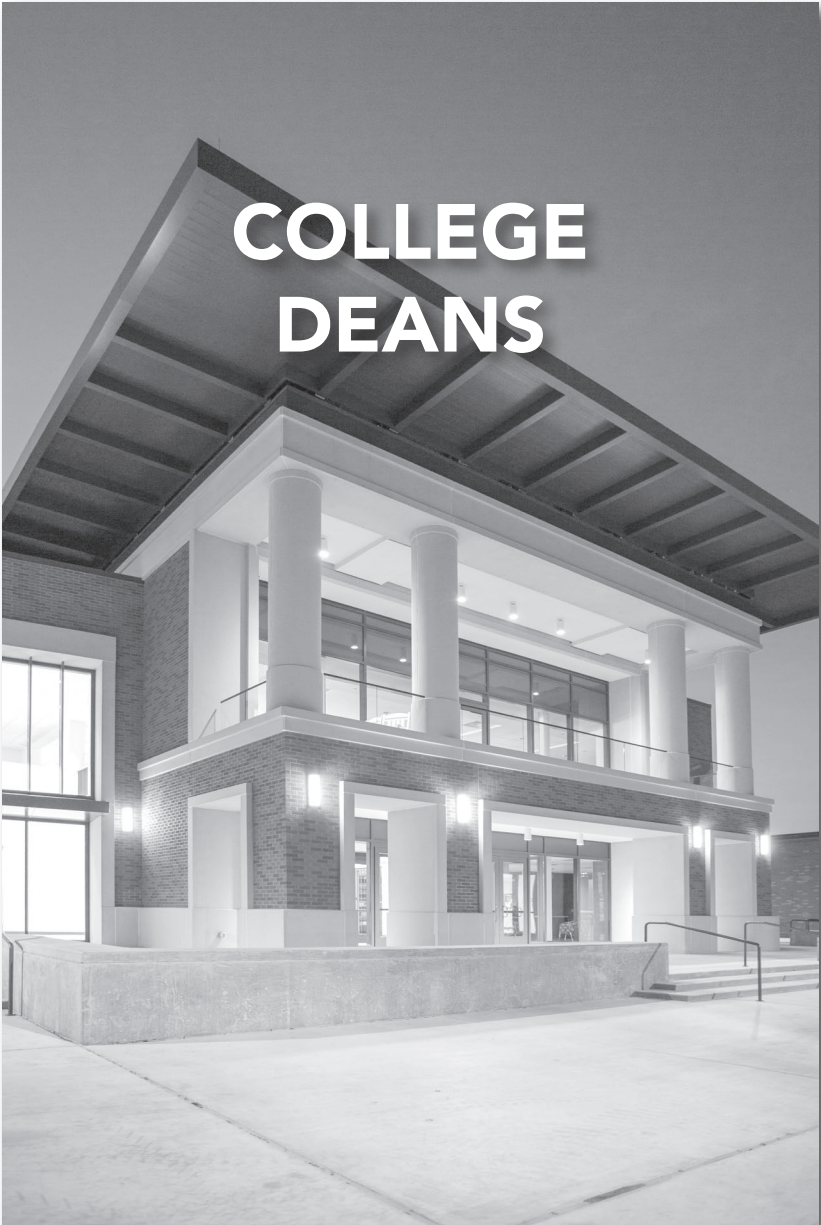

JIAXUAN XU

Jiaxuan Xu (Amanda) is a second year Master student in Mechanical Engineering Science at the Lamar University.

While an undergraduate, she worked as the secretary assistant for the department of Mechanical Engineering, where she assisted the senior secretary with all the activities related to the department such as answering phones, greeting students, and scheduling appointments. She then worked as the research assistant during her last two years of undergraduate. She led her group to win first place in the 2017 Lamar University Undergraduate Research Exposition. After graduation, she continued studying Computer Aided Drafting (CAD) software and earned a certificate at Houston Community College. As a Master student, she worked as the graduate assistant for the department of Mechanical Engineering. She helped professors grade undergraduate homework such as dynamics, engineering analysis, design of mechanisms, and answered students' questions that related to engineering. She also taught teachers from high schools using Fusion 360 to generate 3D modeling and 3D printing for the Research Experience for Teachers (RET) summer program. She earned a graduate scholarship at Lamar University. She currently works as a graduate assistant helping collect data and grading assignments within the Integrative Mentoring Partnerships and Care Teams (IMPACT) program.

COLLEGE DEANS

COLLEGE OF GRADUATE STUDIES

DR. C. JERRY LIN, DEAN

To the Class of 2020: Congratulations on earning your graduate degree. You have joined the elite group of our society. Only a select few have accomplished what you just have. We are proud of you!

Graduation is a starting point, one that marks your professional contribution to the greater good of an interconnected global community. With the knowledge and skills you have acquired through your graduate studies, you are well positioned to make an impact – be it advancing technologies, developing solutions, pursuing entrepreneurship, educating the next generation, exploring the unknown or creating performance art. Choose the specialty you do best and make a positive difference – wherever you are in the world. Keep in mind that there will be challenges ahead as you continue to build your career. It is part of the process to prevail and excel in any profession. Stay curious and creative. Engage in lifelong learning. Your dedication will reward you the prosperity and satisfaction of a lifetime.

Most importantly, have FUN in this process.

Thank you for being part of the Lamar University community during such an unprecedented pandemic. We applaud the perseverance and resilience you have demonstrated, celebrate your achievements today, and look forward to learning about your successful stories in the years to come.

C. Jerry Lin

Dean

DR. LYNN M. MAURER, DEAN

We are pleased to celebrate your graduation from the College of Arts and Sciences at Lamar University. As a student, you have enriched the intellectual and cultural ambience of LU and we are grateful for your participation in the Cardinal community. In return of your hard work and dedication, you have now earned your degree, which is yours for life. You have gained the prestige and pride of being a Lamar University graduate.

The College of Arts and Sciences proudly encompasses a wide range of interconnected disciplines from the natural sciences, behavioral sciences, and humanities to the professional degrees such as nursing. You graduate today knowledgeable in your major area and prepared to live in an interconnected world, understanding the context in which you live, work and contribute as a global citizen.

Although your final semesters at Lamar University have been trying, I commend you for pushing through and finishing strong amid a global pandemic. Your perseverance is truly an inspiration to all and we appreciate your flexibility while moving to new classroom formats.

We wish you a lifetime of happiness, a successful and rewarding career, and the support of friends, family, and colleagues.

We hope that your time at Lamar has been transformative, especially in light of recent events in 2020, and that you will always think of Lamar University as your home.

Congratulations!

Lynn M. Maurer, Ph.D.

Dean

DR. DAN W. FRENCH, DEAN

It is a special honor for me to celebrate your graduation from Lamar this semester. This celebration is the culmination of your years of diligent work and energy focused on achieving your degree. In addition to your studies, you and your classmates have overcome multiple severe weather events and an unexpected health crisis.

Your efforts are paying off, and they will continue to reward you throughout your life and career with expanded horizons and greater opportunities.

In August of 1973, I proudly received my BA degree from LU. Our university unlocked a whole new world of knowledge and new opportunity for me. For these gifts I am and forever will be grateful to be a Lamar Cardinal.

Graduates, as you mark this milestone in your life, take those lessons that you have learned from our faculty along with those experiences you have had being part of the Lamar spirit and diverse student body and pass that knowledge and spirit on to others.

As you move through your career and life, please consider sharing your knowledge and experiences with future Lamar students. Come back to campus to give a guest talk to a class, participate in a panel session, or recruit some of our graduates for your organization. Attend sporting events, enjoy our art museum, and take part in events sponsored by our Alumni Association!

At Lamar University, we care about success. Our Lamar community, faculty, staff, university administration and I as Dean of the College of Business applaud and recognize you as a proud 2020 graduate of Lamar University.

COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT

DR. ROBERT SPINA, DEAN

To the Graduating Class of 2020,

This moment allows me the special opportunity to extend my sincere and enthusiastic congratulations to you. Graduates, commencement is the beginning and accordingly another typical day of anxiety of "am I ready and what next." If anyone is able to tackle those questions face first, it's you. You are stronger because of what you experienced, and you can do anything. There are so many opportunities right around the corner waiting to be explored, and you are the ones that get to do that. You are the seeds of our future, and it is time for you to embrace your passion and work for it. You have all completed a program of studies, which has taught you to think critically, to express opinions in a civilized manner, to evaluate options, to make informed decisions and to move forward in life. It helps you develop confidence in yourself and what you believe. This moment attests that you are indeed ready for what is to come. By any standard or measure, you are positioned to join the educational elite in our society. You have completed a difficult, taxing and costly journey from where you started years ago. It is important to take this moment to appreciate and celebrate what you have achieved. You did it!

DR. BRIAN CRAIG, DEAN

Dear Graduates of December 2020,
Families and Friends:

On behalf of the Lamar University Administration, the College of Engineering Leadership Team, and faculty and staff of your academic department, I offer my congratulations on achieving this very significant milestone. Each of you has worked hard to get this point, with the guidance and support of family, friends, and Lamar University (LU) faculty and staff.

This commencement ceremony has three purposes; the first is to formally celebrate your achievement, the second is to thank those who helped you along the way, and the third is to mark the beginning of next phase of your life.

When you walk out of these doors as LU graduates, you will set new goals, and I know you will pursue them with the same or even higher levels of dedication. My wish for you is that you set the right goals. Set them high enough that you must work both smart and hard to achieve them, and then feel the satisfaction that comes from seeing your work and preparation pay off. The key to success is to focus on goals, not obstacles. For as many have noted, success lies at the intersection of hard work and preparation.

In your years at LU, you have been prepared and encouraged to pursue learning as a life-long endeavor. Always seek new knowledge, because the world is changing faster than ever before, and you will benefit from remaining curious and increasing your skills. Along the lines of life-long learning, I would like to extend an offer to each of our engineering graduates to continue your education in one of our graduate programs and will waive the GRE requirement and application fees.

Socrates said, "the unexamined life is not worth living." Continue to question your path, always mindful of your ultimate goals. If you find that your desires change, never be afraid to change course and set new goals so that you can achieve success.

In closing, I ask that you remain engaged with Lamar University. I encourage you to support LU by joining the LU alumni association, participating in programs, sharing your LU experience with others, and I hope that you will keep us updated on your many achievements to come.

With Cardinal Pride...

Brian Craig, Ph.D.

DR. DERINA HOLTZHAUSEN, DEAN

Earning a university degree is one of the highest accomplishments one can achieve. Earning it under the most challenging circumstances, such as a global pandemic, makes it even more admirable and special. While I regret that you are graduating under such demanding circumstances, it also is proof of your extraordinary perseverance and grit. Congratulations! You should be proud of yourself and will most likely never forget this moment, when you had to forego celebrating one of your most special milestones with family, friends and peers. I hope you will find a moment to celebrate this life changing event with your loved ones. I, the faculty and staff of the College of Fine Arts and Communication are all celebrating your success, perseverance and tenacity in obtaining your degree in spirit, if not in the flesh.

Nobody achieves success alone. The people whose moral, financial and mentoring support made today possible for our graduates should also be recognized, among them the faculty members of this college, who have had their own challenges during the pandemic. I thank them in particular, because, like you, they had to pivot midstream to ensure your success. I know they once again demonstrated the extent to which they care about each student individually.

As the dean of the College of Fine Arts and Communication, I am very proud of the diversity in our college, not only in terms of human diversity, but also disciplinary diversity. From art, music, theatre and dance, to communication, media, deaf studies and deaf education, and speech and hearing sciences, the ultimate aim of all these programs is to make our lives better and improve our communities and our society. That is the one common bond we all have in the college - faculty and students alike. As our successful students leave us to move forward on their career paths, I hope that is the one goal you will continue to strive for.

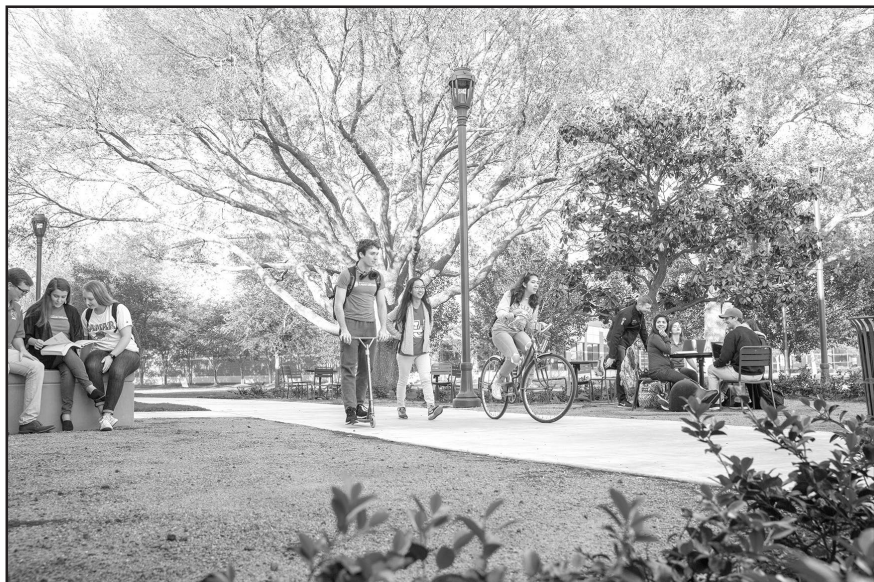

I also hope that you will return as alumni or as graduate students. You will soon realize that lifelong learning will be an essential part of your future. Remember, Lamar University is always here to offer an opportunity. We will welcome you back in your role as mentors and role models for our students and hopefully also as graduate students. This will be your academic home forever.

Enjoy your new-found and hard-earned success. We all wish you a long and successful career in the field you choose.

ACADEMIC REGALIA

The academic regalia worn at American university exercises, originated in the Middle Ages. The oldest universities grew out of church schools, and both faculty and students were regarded as part of the clergy. Hence, they wore robes as part of their costume, borrowed largely from the monastic dress of their day. Today, there is a Code on Academic Costume, detailing appropriate regalia attire.

The cap, the square mortarboard in American universities for undergraduate and master's students and a round, short, flat velvet cap for doctoral students. The cap is always black and should match the material of the robe.

The gown is usually black. The bachelor's gown has pointed sleeves and the master's gown has long pouch-like sleeves. Doctoral gowns are faced with velvet down the front and three bars of velvet across each sleeve.

The hood, worn around the neck and hanging in the back, is the principal emblem of the nature and source of the degree held. The colors in the hood lining are the colors of the school conferring the degree. The color of the border indicates the scholarly field of study.

UNIVERSITY MACE

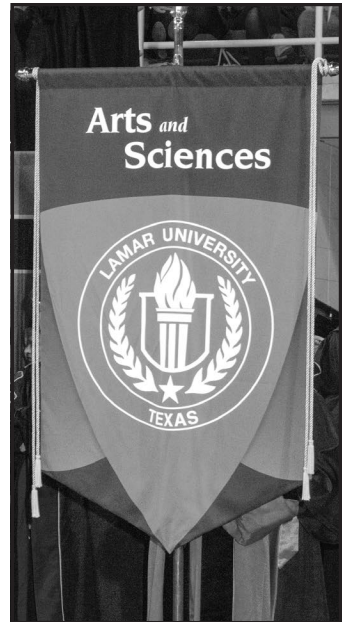

The mace has gradually assumed a purely ceremonial character symbolizing the authority of the Board of Regents, The Texas State University System and the Office of the President of Lamar University.

The Lamar University mace is traditional in design. The walnut shaft is crowned by a wooden cube. Each side features a representation of Lamar University's seal, against a background of red velvet.

The president of the Faculty Senate, who leads the academic processional, carries the mace in today's ceremony.

ACADEMIC GONFALONS

Gonfalons, banners that are designed to hang from a crossbar, have historical roots dating back to the 12th century when they served as the official emblems to represent the various districts of Florence, Italy. In more recent times, gonfalons have been adopted by academia to serve as symbols to represent each college within a university. Each college has their own representative banner with the dean from the respective college or an appointed designee carrying the gonfalon in the academic processional.

LATIN HONORS

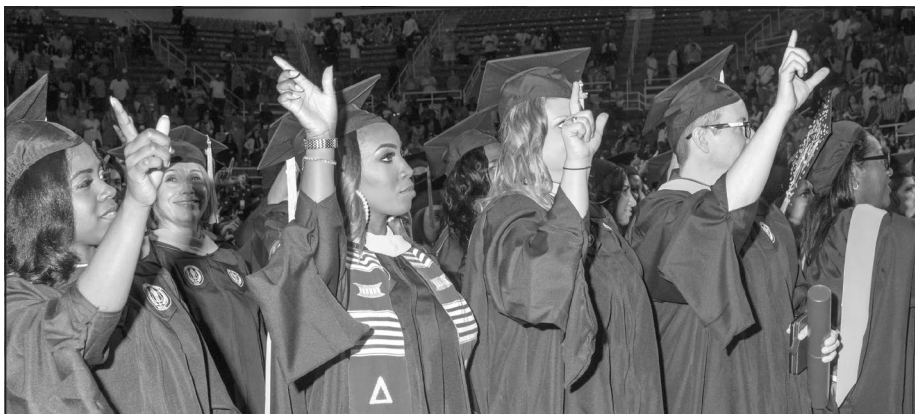

Degrees conferred Cum Laude, Magna Cum Laude, and Summa Cum Laude reflect an outstanding grade point average with a minimum of sixty semester hours earned at Lamar University for a four year degree. The distinction and corresponding grade point averages are: Cum Laude 3.5 to 3.64; Magna Cum Laude 3.65 to 3.79; Summa Cum Laude 3.8 to 4.0. To reflect their achievement, graduates who have earned Latin Honors receive a red and white double cord.

Honors are designated only for undergraduate students completing their baccalaureate degrees.

The only honors recognized on-stage at commencement are Latin honors and Reaud Honors College.

The list includes all students who applied through November 2020. Records protected by Confidentiality are not listed.

OFFICE OF ALUMNI AFFAIRS

The day you graduate, you become an alumnus of Lamar University. Alumni are such an important part of the greater Lamar University community. Alumni engagement is one of several measures of quality used to rank major U.S. universities. Your involvement to LU helps increase the university's prestige, which, in turn, increases the value of the degree you list on your resume. Through you, more people will see LU as an outstanding school that produces exceptional graduates who involve themselves in their communities and remain in contact with their alma mater. Nothing we have ever achieved at Lamar University would have happened without the active support and engagement of our dedicated alumni. Lamar University will always be your home.

For more information about ways to get involved through the Office of Alumni Affairs and how to become an Annual Alumni Donor, visit our website www.lamar.edu/alumni.
