**1. A suggestion was made to have SGA members volunteer to monitor the building during those later hours but many of the officers are busy with school/work**

**2. If you would like more details about this project, please reach out to Senator Tiffany Tran**

**b. What is a Joint Session?**

**i. A. It is a meeting similar to a House Session but instead it is open to all students. SGA Execs and Senators are required to attend, this allows students to stay up-to-date on any projects that are being worked on. Students also have the opportunity to voice their concerns and ask questions.**

**1. House Representatives are highly encouraged to attend so they can hear an in-depth version of what the other officers are working on and possibly get inspiration.**

- a. **The House is capable of doing many of the things that Senators do — they can draft legislation and make real change on campus.**
