Personal Evacuation Plan

We need to know your plans in case of an evacuation. Will you travel with LU Housing? Will you travel with someone else or drive your own car? Let us know!

Personal Evacuation Plan

In the event of a facility, environmental, or weather-related event resulting in a University closure, students need to establish a Personal Evacuation Plan. Most students travel on their own with friends and roommates to a designated relative or friend's home out of the area. Students should discuss potential rides and sheltering options with other students who need transportation. While the University will provide as much notice as possible to help students make arrangements and provide for their own safety and welfare, it is important to plan ahead. Personal Evacuation Plans can be updated throughout the year.

If the University closes due to such an event or disaster, DO NOT RETURN TO CAMPUS until instructed to do so via LU campus announcements.

In case of an evacuation, do you plan to travel with University Housing?

No ~
